7. The owners of lots set forth in paragraphs one (1) – six (6) above shall construct sidewalk at their own expense on or before July 15, 2015. The City Commission may extend the deadline for installation of the sidewalk in the event a construction project, including sidewalk, is being undertaken during 2015. Notice of the requirement to construct and deadline shall be provided to landowners as provided in SDCL 9-46-3.
8. Exempt from the requirement to construct sidewalk are those areas which presently have sidewalk or have asphalt pavement in the areas where sidewalk will be required. Said asphalt pavement may remain provided it is marked and striped with paint or other approved material as a designated walkway and where said areas are in a condition equal to the condition standards required for sidewalk.
9. The general nature of the construction and materials to be used are as follows:
- a. Sidewalks shall be 4 feet 8 inches in width and run the entire length of the real property.
  - b. Concrete shall be a minimum of 4 inches thick and shall include aggregate customarily used in this locale for concrete that will be exposed to the elements.
  - c. A gravel-based course with a minimum depth of 3 inches shall be used.
  - d. Location and grade shall be approved by the Office of the City Engineer.

10. Upon completion of construction the improvements shall become the responsibility of the landowner.
11. If a retaining wall is determined necessary by the City Engineer, the City shall pay for the initial construction of all retaining walls. Construction shall not commence until approval of the specifications, plans, details and a minimum of two (2) bids are obtained from the Office of City Engineer. Reimbursement to the landowner of the wall shall be upon satisfactory completion of the retaining wall. No reimbursement for retaining wall construction shall be made unless, prior to construction, the specifications, plans, materials and bids are approved by the City Engineer. The City shall be responsible for the cost of installation of retaining walls if satisfactorily completed.
12. The improvements for each affected real property may not be substantially uniform due to the need for retaining walls or other improvements/additional requirements necessary on some properties. The City shall be responsible for these additional costs if approval is given to the property owner in writing from the City Engineer prior to commencement of improvement.
13. All work to be constructed by licensed contractors in accordance with standard City of Madison specifications which are on file and can be reviewed at the Office of City Engineer.
14. If such sidewalk is not constructed, reconstructed or repaired in the manner and within the time prescribed hereinabove, then, pursuant to SDCL 9-46-4 the City of Madison, by Resolution, shall cause the work to be done and the cost thereof to be assessed against the lots affronting or abutting upon the sidewalks constructed, reconstructed or repaired as provided in SDCL 9-46-5 and subsequent sections.
15. Landowner shall be responsible for obtaining any permits, permission or authorizations required by South Dakota Department of Transportation (SD DOT), for items including but not limited to, occupation of right-of-way and traffic control to include signage per SD DOT standards.
16. The above-described improvement shall be herein referred to as Sidewalk Improvement 2015 which shall be deemed a description of the improvement as herein set forth.

Dated this 15<sup>th</sup> day of December, 2014.
