**NOTICE:**

- \* Permit must be obtained prior to any excavation in public R.O.W.
- \* The proposed excavation area must be marked with white paint and flags for utility locating purposes.
- \* All connections to water and sewer mains shall be inspected by the department prior to any backfill. Inspections will only be scheduled during normal city working hours by contacting the public works department at 256-7515.
- \* All new water and sewer service installations must be made locatable.
- \* All abandoned water and sewer service lines shall be terminated at the main.
- \* Backfill, compaction, and testing of streets shall be done under the direction of the city engineering department.
